EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, March 22.

In Senate this morning, Mr. Eldridge called up his resolution to adjourn on the 26th, but it was promptly tabled, 13 to 7, on motion of Mr. Bashford. It was not a little singular to find that the same gentleman, who is so anxious to adjourn on Monday, declined to report from the Judiciary Committee the bill repealing the Lunatic Asylum Law, under which so many acts of insanity have been committed.

Besides the bills passed, as sent this afternoon, the following also passed the Senate:

Authorizing collection of delinquent tax in Polk Co.

Amending charter of Lumbermen's Fire and Marine Ins. Co.

Charter of Beaver Dam and Baraboo Railroad.

Declaring Sheboygan river navigable.

The Senate refused to recede from its amendments to the Census Bill, and designated its Committee on State Affairs to act with the like Committee of the Assembly, on the disagreeing vote.

In Assembly

Bills were introduced,

By Mr. P. H. Smith, charter of Oshkosh and Appleton Plank Road.

By Mr. Vilas, amending charter of Madison.

By Mr. W. Grant, charter of Palmyra Academy.

By Mr. Stevens, charter of Union Academy.

By Mr. Tophit to place Columbia Co. in the 9th Circuit.

I stated, at the end of the abstract of the morning proceedings, that the famous old Upper Sauk Bridge bill was pending at the adjournment, on a motion to reconsider the vote passing it. It was not exactly so, for Mr. Vilas, who had made the motion to reconsider, had withdrawn it just before adjournment. Mr. Cole renewed the motion immediately on reassembling, and we had a regular "Sauk war" for a while. Finally, Mr. Barnet moved the previous question, which was sustained, and the Assembly refused, 29 to 33, to reconsider the vote.

The Assembly concurred in the amendments of the Committee to the bill appropriating to E. Stangeland. The bill is only important as giving construction to some features of the State Printer's contract, in accordance with the ruling of the State officers who awarded the bid.

Besides the Sauk War, the subject of the Investigation of State affairs occupied much time. Before we come to this, however, the bill authorizing the Supreme Court to appoint counsel for the State in certain circumstances, being up Mr. Stevens took occasion to express his satisfaction at the honesty of the present Attorney General. The bill passed by the following vote:

Ayes, Abbott, Adams, Allen, Bennett, Blazior, Cary, Chase, Cole, Cooley, Davis, Delany, DeWolf, Powers, Field, Fil[illegible], Gary, Gibb, Goodrich, Goodall, H. Grant, W. Grant, Gunn, Harrington, Isham, Judson, Lee, Love, Merriam, Mosher, O'Neil, Parker, Pratt, Rumsey, Randall, P. H. Smith, Stevens, A. Taylor, Townsend, Tophiff, Van Nostrand, Virgin, Wakely, Warren, Welch, Whitney, Williston, Sholes—47.

Noes, Bonn, Boyd, Earnest, Ebbels, Falvey, Hollenbeck, Juneau, Lavis, Moscowitz, Rogan, Ross, [illegible], B. Smith, Vilas, Vliet, White—16.

Mr. Stevens first voted *No*, but changed his vote, in order, as he said, to move a reconsideration, but Mr. Virgin was beforehand with him and made the motion, which failed. So the bill was passed.

In the morning the Judiciary Committee reported a substitute for the bill in relation to the Investigations. It provides for only *one* Committee, two Senators and three from the Assembly, with authority to appoint a clerk and accountant, and to examine into the affairs of the Treasury, Secretary of State's Office, and School Land Office from 1st January 1850.

Mr. Stevens, in Committee moved report it back with the recommendation to strike out the enacting clause, and thereupon made a speech insisting that the course proposed, was a direct charge of neglect of duty, incompetency, or corruption upon the State officers. Mr. Adams thought that this business of investigation did look something like this, but it did not originate with the Assembly, but with the Governor.

After a while, the bill was made the special order for the afternoon. Being reached it found Mr. Stevens in better humor, and that gentleman amused the Assembly hugely by various entertaining speeches. There was a good deal of hard hitting on every side, though, with scarce an exception, in good humor. Several blanks were filled, the Committee being authorized to commence on the 15th of April, and sit, if so much time should be necessary, till the 15th of September, and to commence their inquiries with the beginning of the State Government. Their clerk and accountant to receive $4 per day. The question of the pay of the Committee caused considerable difficulty, members feeling that $2,50 per day was not sufficient to pay the Committee for leaving their business, and remaining here at work through the summer, and yet finding constitutional difficulties in the way of increasing the *per diem*. Numerous motions were put and lost, and the Assembly adjourned after 6 P. M., without having settled the question.

I think that the Legislature will adjourn about the middle of next week. W. H. W.

Demand for Reparation.—A dispatch from Washington says

The friends of the Administration here assert that the President has ordered that extreme measures be taken, if necessary, to exact instant reparation from Spain for the last outrage to the *El Dorado*.

Southern Wisconsin R. R.—The Monroe *Sentinel* is assured that no proper effort will be spared to put the work on this Road under contract from Janesville to Monroe, within a short time.

Lunatic Asylum Commissioners resigned—Great Sensation in the Senate.

Messrs. Vittum and Sanbourn resigned yesterday. This step is supposed to have been taken like all their official acts, with the advice and consent of the Governor, as he transmitted their resignation to the Senate. Immediately after the reading, while ordinary minds were posed and hesitant Mr. Loy, whose faculties seemed to expand to an extent corresponding to the greatness of the occasion, arose in his seat, and with becoming gravity moved that "in consequence of the mournful intelligence just received, the senate do now adjourn." The motion prevailed. No crape ordered yet.—[Madison Journal.

Judicial and Judicious Nomination.—We understand that B. Williams, Esq., of Sheboygan was nominated by the People's Convention held at Fond du Lac on the 20th inst., as a candidate for judge of the IVth Circuit. Mr. W. is a gentleman of fine legal attainments, unquestioned integrity, and if elected will prove a worthy successor of Judge Howe.—[Madison Journal.

Lake Superior, in Numbers—No. 1.

BY G. W. P.

Messrs. Editors:

An article in the *Free Democrat* of the 20th inst., has suggested a series of thoughts upon the same subjects, that with your permission I will offer to the readers of the *Sentinel*. These tho'ts have in the first number especial reference to the fallacious theories and erroneous ideas, which in some unaccountable manner have obtained extensive circulation in Southern Wisconsin.

The scanty information which has found its way into this portion of the State, relative to that vast region of our territory, and which at rare intervals has furnished matter for brief editorials, has thus far proved to be of a nature so unreliable, that in justice to the Lake country, one is compelled to assume defensive armor. But little more than a twelve month since the *Free Democrat* contained a paragraph to this effect:

"The Iron Works *at* Lake Superior were burned, &c."

At Lake Superior was surely not very definite of a Lake that claims a thousand miles of coast. As well say, "the Czar died *at* Europe." Again, a short time prior to the appearance of that paragraph, some brilliant contributor to Harper's Magazine, in an article on Lake Superior, alluding to the climate, gravely assures us that "it is by no means uncommon, for the native, in midsummer, to be engaged in brushing off moschitoes, while standing waist deep in the snow, which has not yet melted."

Such profound knowledge of the extent and climate of the Lake Superior region, should elicit our highest admiration. The author of the last particularly deserves a recommendation to the society of D. H. C's, who were so lavish of testimonials of merit, to the Wisconsin Bard a few years since. He would surely obtain a diploma. Such "bulls" are by no means uncommon in the newspapers of the day, but they seldom go so far as Harper's Magazine has done. But we turn from these and will take a cursory glance at the comparative backwardness of the Michigan and Wisconsin press in relation to a country in which each State is equally interested.

For ten years previous to 1851 the public press in Detroit, have taken frequent occasion to enlighten their readers upon the character and condition of that vast portion of our territory which is drained by the waters of the "Great Lake," so far as they were able to do so, from the heterogeneous reports of the casual wanderer, or the incongruous letters of the early settler, ambitious of seeing his name in print, and who felt in duty bound to deal largely in the prodigious; but not until within the past four years, have those efforts been conducted in that candid spirit of inquiry, which actuates the endeavor to search out the truth, and separate that truth from that mass of traditional marvels which so naturally (in America) gather around the earlier accounts of but partially explored regions. Since the year 1851 however, a systematic effort has been made by the Detroit press, through the medium of travelling reporters, the contributions of competent residents, and occasional editorial excursions, to disperse the mists of romance and fiction, which have hitherto enveloped the Upper Peninsula of Michigan.

These laudable attempts have met their reward, in the interest which the people of Lower Peninsula manifest toward everything that pertains to the developement of the resources of the Northern half of their State, in the readiness with which the capitalists of Detroit and other cities invest their means in the Lake Superior district, certain of rich returns, and a system of judicious legislation; with reference to that of the State, which is calculated to give it a healthy infancy and a vigorous maturity.

Minnesota, too, although not yet arrived at the proper age for entering the society of her sisters, the States, has early turned her attention to the importance of fostering and developing that portion of her fair territory, which lies contiguous to Lake Superior, and at length (in September last) succeeded in inducing Uncle Sam to cancel, by treaty and purchase, the title of the Chippewa Indians to that part of Minnesota lying between the St Louis and Pigeon Rivers on the Lake Shore, and extending west to the Mississippi, thus by opening to the settler a vast tract of rich country, which hitherto the whites have been forbidden even to explore. Not content with this merely, the people of that territory, through their delegate, H. M. Rice, have obtained a large appropriation of the public funds, for the extension of an excellent road from Point Douglass on the Mississippi, to the mouth of the St. Louis on Lake Superior. And both these movements were first suggested by the press of that Territory.

Let us see what Wisconsin has been doing during this time, to develope the resources of the North-Western portion of her territory, and encourage migration thitherward; or even to ameliorate the condition of the settler, who, attracted by the beauty of the country, or allured by accounts of its wealth, or seeking that greater blessing health, has been hardy enough to pitch his tent, or rear his humble cabin of logs, in that solitary and remote region. Nothing, absolutely nothing. She is even ignorant of the *extent* of her territory in that direction. Not one in fifty of her citizens is aware, that *one hundred and twenty miles* of the coast of that great inland ocean, are measured in the boundary of the State of Wisconsin. Few indeed are those who know that the *best harbors*, the *best fisheries* and equally good *minerals* and *farming lands* with any on Lake Superior, are found within the borders of this State. Very seldom do we meet one who can descant upon the picturesque situation of La Pointe, with its semi-circular harbor, and its grand yet lovely scenery, itself the gem of a group of islands which might shame the Grecian Archipelago; or who has mentioned the indescribable beauty of the Bay of Superior at the mouth of the St. Louis River? Who, in the Southern portion of the State, is aware, that within the past sixteen months, there has sprung into existence at the head of Lake Superior a town, already numbering nearly or quite six hundred inhabitants, and which bids fair to outstrip many, whose birth and progress have been duly chronicled by admiring beholders? Very few indeed in this State know this, and yet such is the fact. And why is this knowledge not more generally diffused? Because the press—that lever by which worlds are moved—does not choose to notice the progress of those small towns in the more distant parts of the State, which eventually will more or less affect the prosperity of the larger and more populous cities in the Southern and Eastern portion. And even now I will hazard the assertion, that the interests of the country adjacent to the head of Lake Superior are more a subject of anxiety to the sagacious citizens of Chicago, and to the clear-sighted capitalists of Wall Street, than they are to any citizen of Wisconsin, south of St. Croix county.

I had intended in this number to describe the appearance, resources and improvements of that part of Lake Superior lying within this State; but as I have exceeded the proper limits, I shall defer it to another number.

For the Sentinel.

Blundering.

The critic, Milwaukie, in this morning's Milwaukee *Sentinel*, enlightens the people "here in the West" who erroneously use the terms *rents*, in the sense both of *letting* and *hiring*.

As some little excuse for the people "here in the West," I wish to state that they have been misled by an old fellow by the name of Webster, who pretended to know something about the meaning of words, and even went so far as to publish a book upon the subject.

Will Milwaukie be kind enough to examine this old chap's book, and blow him up, and oblige a BLUNDERER.

The San Francisco Failures.

San Francisco, Feb. 25, 1855.

Messrs. Editors:—Supposing that you have no regular correspondent here, I have taken the trouble to send you some late papers by express. As you will perceive by them we have had exciting times for the last week. Many of our heaviest bankers have gone by the board, the particulars of which you will get from the papers. To-day (Sunday) the creditors of Page, Bacon & Co. held a meeting at 2 o'clock P. M., when their friends pledged real estate sufficient to cover all their indebtedness, and it is supposed they will resume in a day or two. Wells, Fargo & Co., it is supposed, will be able to resume shortly. It is thought that Adams & Co. are used up. Robinson & Co.'s Savings Bank will not resume.—Doct. Wright's Miners' Exchange Bank cannot revive.

Many failures are reported among our heaviest merchants, but they are merely rumors—no failures of any importance have yet taken place.

The only banking house here of any importance that did not feel the effects of the panic was Palmer, Cook & Co., that House having so much real estate unencumbered in this city, prevented any alarm on their account, and they continued during the whole excitement as though nothing had happened. W.

Who is Mrs. Robinson?—The Troy *Times* and *Budget* state that facts have lately come to light, proving beyond a doubt, that Mrs. *Robinson*, the condemned murderess in jail in that city, is no other than Miss. Charlott Wood, of Montreal.—The *Whig* doubts.

Heavy Pork.—The Watertown *Democrat* says that Mr. H. C. Crandall, of Emmett, Dodge County, sold in that city on Friday last a hog, of the Leicestershire and Byfield stock, two years old last June, which weighed, when dressed, 746 pounds. The price paid for this small roaster was $40.

The Reciprocity Treaty.

PROCLAMATION OF THE PRESIDENT.

Whereas, by an act of Congress of the United States, approved the fifth day of August one thousand eight hundred and fifty-four, entitled "An act to carry into effect a treaty between the United States and Great Britain, signed on the fifth day of June, eighteen hundred and fifty-four," it is provided that, whenever the *President* of the United States shall receive satisfactory evidence that the Imperial Parliament of Canada, New Brunswick, Nova Scotia, and Prince Edwards island have passed laws on their part to give full effect to the provisions of said treaty, he is authorized to issue his proclamation declaring that he has such evidence.

And whereas satisfactory information has been received by me that the Imperial Parliament of Great Britain and the Provincial Parliaments of Canada, New Brunswick, Nova Scotia, and Prince Edward's island have passed laws on their part to give full effect to the provisions of the treaty aforesaid:

Now, therefore, I, Franklin Pierce, President of the United States of *America*, do hereby declare and proclaim that, from this date, the following articles, being the growth and produce of the said provinces of Canada, New Brunswick, Nova Scotia and Prince Edward's Island—to-wit, grain, flour, and breadstuffs of all kinds, animals of all kinds; fresh, smoked, and salted meats; cotton-wool; seeds and vegetables, undried fruits, dried fruits; fish of all kinds, products of fish and all other creatures living in the water; poultry, eggs, hides, fur, skins, or tails undressed, stone or marble in its crude or unwrought state, slate, butter cheese, tallow, lards, horns, manures, ores of metals of all kinds, coal, pitch, tar, turpentine, ashes timber and lumber of all kinds, round, hewed, and sawed, unmanufactured in whole or in part, firewood, plants, shrubs, and trees, pelts, wool, fish oil, rice, broom corn, and bark, gypsum, ground or unground, hewn or wrought or unwrought burr or grindstones, dye-stuffs, flax, hemp, and tow, unmanufactured, unmanufactured tobacco, rags—shall be introduced into the United States free of duty so long as the said treaty shall remain in force, subject, however, to be suspended in relation to the trade with Canada, on the condition mentioned in the fourth article of the said treaty and that all the other provisions of the said treaty shall go into effect and be observed on the part of the United States.

Given under my hand, at the city of Washington the sixteenth day of March, in the year of Lord one thousand eight hundred and fifty-five, and of the independence of the United States the seventy ninth.

[L. S.] FRANKLIN PIERCE.

W. L. Marcy, Secretary of State.

Coroner's Inquest on Pool's Murder—The Verdict.

The Jury came into Court about 5½ o'clock after an absence of three hours, and rendered the following verdict:—

We find that the death of Wm. Poole was caused by a gunshot wound from a pistol in the hands of Lewis Baker, at Stanwix Hall, in Broadway, on the morning of the 25th of February 1855.

We find that James Turner and Patrick McLaughlin, alias Paugene, were guilty of aiding and abetting in the murder of William Poole.

We find John Hyler, Cornelius Linn and Charles Van Pelt guilty as accessories before the fact.

We likewise find John Morrissey guilty of an assault with intent to take the life of Wm. Poole, and that he was accessory to the murder of said Wm. Poole by association on the evening preceding the murder.

We likewise find James Irving accessory before the fact.

The Coroner briefly thanked the Jury for their patience and attention, and discharged them.—Commitments were made out against the parties found guilty by the Jury, and all, except Baker, were locked up on the same evening.

Death of a Pioneer Clergyman.—We were deeply pained to hear yesterday of the death of Rev. Stephen Peet of this city. Mr. Peet was one of the earliest clergymen in the State of Wisconsin, and his labors in the establishment of churches in that State were indefatigable and were greatly blessed by his divine Master. For the last year or two he has resided in this city, and was the agent of the Theological Seminary about to be built by the Congregationalists. He was an earnest, energetic man, always abundant in his labors to do good. His name will be associated with the ecclesiastical history of the churches of Wisconsin for all time to come. "The memory of the just is blessed."—Chicago Dem. Press Thursday, March 22.

Fire.—On Monday afternoon last our citizens were startled by the cry of fire, which proceeded from the residence of Prof. Emerson, on the bluff east of the College. It broke out about 4 oclock, and at 5 it was completely consumed. The fire is supposed to have caught from the chimney, near the roof, owing to which circumstance nearly all the furniture was rescued from the flames. The house was insured for $1 000, and the furniture for $200, in the Beloit Mutual. It is currently reported that the insurance is good for nothing.—[Beloit Journal.

Racine Road Subscriptions.—We are pleased to be able to state that the subscriptions to the capital stock of the Racine and Mississippi Railroad, received in Beloit and the adjoining towns during the past two weeks, now amount to *more than two hundred and fifty thousand dollars!* This together with the $100,000 stock subscribed by the town of Beloit, and the $40,000 previously taken by individuals, swells the amount subscribed in this immediate vicinity to nearly or quite *four hundred thousand dollars!* Who will say after this, that the United States of Beloit ain't "*some!*"—[Beloit Journal.

A Startling Rumor.—It was said in diplomatic circles of Washington, last night, that a private dispatch had reached this city, saying that Victoria was fast going the way of her ancestors—that is, becoming deranged, the symptoms having shown themselves in her recent illness.—We have not been able to trace this rumor to an authentic source.

Asylum for the Decayed.—According to the Statesman, Walter Harriman, State Treasurer of New Hampshire, who has been working like a Trojan on the Administration side in that State, is to have consolation in the shape of a neat office in one of the Departments at Washington.

Last Sunday the Rector of St. Paul's Church gave notice that on next Sunday (to morrow) a collection would be taken up for the benefit of the Sexton of the Church, who some weeks since had his thigh broken in two places and was thus prevented from supporting a large family. A Musical Hall.—We understand that the Milwaukee Musical Society have purchased, conditionally, the handsome lot, 120 feet square, on the North East corner of Wisconsin and Milwaukee Streets, First Ward, for $15,000, with the intention of erecting there a large and elegant Hall, suitably arranged for Concerts, Lectures, Balls and Public Meetings. The site is an excellent one, and the proposed object must commend itself to all. We hope that the Society will succeed in their negotiation for the means to purchase this site and put up the Musical Hall.

Real Estate Sales.—Mr. Wall sold yesterday the property known as "the Milwaukee Garden" in the First Ward, for $20,000. The property covers one entire block, and is to be laid out by the purchasers, in eligible building lots, which will be shortly offered for sale.

Wisconsin Bank Securities.

Comptroller Dennis has furnished to the Watertown *Democrat* the following account of sales of the public stocks deposited with him to secure the circulating notes of the Oshkosh City and Germania Banks:

OSHKOSH CITY BANK.

$1,000 North Carolina,	6's, 98¾,	$ 975 00
24,000 do do	6's, 98¼,	23 560 00
15 000 Virginia,	6's, 95⅛,	14,268 75
10,000 Missouri,	6's, 93⅛,	9,312 50
Interest from January 1st,		591 66
		48,707 91
Commission ¼ per cent $50,000,		125 00
		48,582 91
To which add for January interest retained by the Bank Comptroller,		1,500 00
		$50,082 91
Whole amount of circulation outstanding,		$49,600 00

From the avails of the sales ($50,082 91) are to be deducted the Comptroller's expenses, advertising, &c., and the tax of $375 due to the State. The Democrat says that immediately after the sale, Mr. S. S. Hennigo, principal stockholder of the Bank, furnished the Comptroller with the means to pay all expenses of sale, and make up any deficiencies.

GERMANIA BANK.

$ 5,000 Tennessee,	6's, 94	$ 4,700 00
Interest from Nov. 1st, 1854,		149 17
5,000 Tennessee,	6's, 93⅛,	4,056 25
15 000 Missouri,	6's, 93⅜,	14 006 25
Interest,		956 67

Commission ¼ per cent. $25,000,		62 50
		$ 23,805 84
Whole amount of circulation,		$22,660 00

This leaves an excess of $1,145 84 over and above all outstanding notes. The necessary expenses of the sale, advertising, &c., (some three or four hundred dollars,) are to be deducted from this amount, and the remainder, say $800, will go to the assignees of the Bank, for the benefit of creditors. This favorable result is a feather in the cap of the Bank Comptroller, Mr. Dennis, and a satisfactory illustration of the practical working of our General Banking Law.

Rochester Markets, March 20th.—The *Union* quotes little wheat offered, and market firmer. Best samples bring $2 43¾. Flour sells at $11 00a11 50 for wholesale and retail parcels extra Genesee. Corn was a shade higher 87½c.

Cleveland Markets, March 20th.—The *Herald* says the supply of flour is moderate and the demand limited to the home trade. From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, March 22.

In Senate this morning, Mr. Eldridge called up his resolution to adjourn on the 26th, but it was promptly tabled, 13 to 7, on motion of Mr. Bashford. It was not a little singular to find that the same gentleman, who is so anxious to adjourn on Monday, declined to report from the Judiciary Committee the bill repealing the Lunatic Asylum Law, under which so many acts of insanity have been committed.

Besides the bills passed, as sent this afternoon, the following also passed the Senate:

Authorizing collection of delinquent tax in [illegible] Co.

Amending charter of Lumbermen's Fire and Marine Ins. Co.

Charter of Beaver Dam and Baraboo Railroad.

Declaring Sheboygan river navigable.

The Senate refused to recede from its amendments to the Census Bill, and designated its Committee on State Affairs to act with the like Committee of the Assembly, on the disagreeing vote.

In Assembly

Bills were introduced,

By Mr. P. H. Smith, charter of Oshkosh and [illegible] Plank Road.

By Mr. Vilas, amending charter of Madison.

By Mr. W. Grant, charter of Palmyra Academy.

By Mr Stevens, charter of Union Academy,

By Mr. Topliff to place Columbia Co. in the 9th Circuit.

I stated, at the end of the abstract of the morning proceedings, that the famous old Upper Sauk Bridge Bill was pending at the adjournment, on a motion to reconsider the vote passing it. It was not exactly so, for Mr. Vilas, who had made the motion to reconsider, had withdrawn it just before adjournment. Mr. Cole renewed the motion immediately on reassembling, and we had a regular "Sauk war" for a while. Finally, Mr. Bennett moved the previous question, which was sustained, and the Assembly refused, 29 to 33, to reconsider the vote.

The Assembly concurred in the amendments of the Committee to the bill appropriating to E Stangeland. The bill is only important as giving construction to some features of the State Printer's contract, in accordance with the ruling of the State officers who awarded the bid.

Besides the Sauk War, the subject of the Investigation of State affairs occupied much time. Before we come to this, however, the bill authorizing the Supreme Court to appoint counsel for the State in certain circumstances, being up Mr. Stevens took occasion to express his satisfaction at the honesty of the present Attorney General.

The bill passed by the following vote:

Ayes, Abbott, Adams, Allen, Bennett, Blazier, Cary, Chase, Cole, Conley, Davis, Delany, DeWitt, Powers, Field, [illegible], Gary, Gibb, Goodrich, Goodall, H. Grant, W. Grant, Gunn, Harrington, [illegible], Judson, Lee, Love, Merriam, Mosher, O'Neil, Parker, Pratt, Ramsey, Randall, P. H. Smith, Stevens, A. Taylor, Townsend, Topliff, Van Ostrand, Virgin, Wakely, Warren, Welch, Whitney, Williston, Sholes—47.

Noes, Bonn, Boyd, Earnest, Ebbels, Falvey, Hollenbeck, Juneau, Lewis, Moscowitz, Rogan, Ross, Sloan, B. Smith, Vilas, Vliet, White—16.

Mr. Stevens first voted *No*, but changed his vote, in order, as he said, to move a reconsideration, but Mr. Virgin was beforehand with him and made the motion, which failed. So the bill was passed.

In the morning the Judiciary Committee reported a substitute for the bill in relation to the Investigations. It provides for only *one* Committee, two Senators and three from the Assembly with authority to appoint a clerk and accountant, and to examine into the affairs of the Treasury, Secretary of State's Office, and School Land Office from 1st January 1850.

Mr Stevens, in Committee moved report it back with the recommendation to strike out the enacting clause, and thereupon made a speech insisting that the course proposed, was a direct charge of neglect of duty, incompetency, or corruption upon the State officers. Mr. Adams thought that this business of investigation did look something like this, but it did not originate with the Assembly, but with the Governor.

After a while, the bill was made the special order for the afternoon. Being reached it found Mr. Stevens in better humor, and that gentleman amused the Assembly hugely by various entertaining speeches. There was a good deal of hard hitting on every side, though, with scarce an exception, in good humor. Several blanks were filled, the Committee being authorized to commence on the 15th of April, and sit, if so much time should be necessary, till the 15th of September, and to commence their inquiries with the beginning of the State Government. Their clerk and accountant to receive $4 per day. The question of the pay of the Committee caused considerable difficulty, members feeling that $2,50 per day was not sufficient to pay the Committee for leaving their business, and remaining here at work through the summer, and yet finding constitutional difficulties in the way of increasing the *per diem*. Numerous motions were put and lost, and the Assembly adjourned after 6 P. M., without having settled the question.

I think that the Legislature will adjourn about the middle of next week. W. H. W.

Abstract of Friday Morning's Proceedings.

Madison, March 23.

Senate rejected the resolution to receive no new business after 26th.

Bill passed repealing the law for registration of births, &c.

The bill repealing the Lunatic Asylum Law was debated all the morning, and at 1 o'clock the Senate passed the bill.

Ayes, Adams, Bashford, Clement, Cobb, Gill, Gray, Harvey, Loy, Rolfe, Sutherland, Taylor, Wakeley, West, Worthington—14.

Noes, Dewey, Eldridge, Gibson, Kelsey, McGarry, [illegible]—6.

The bill was amended so as to repudiate the contract.

ASSEMBLY. Bills passed,

Amending charter of Janesville:

Changing name of A. and H Mills to Castle.

Charter of village of Howard.

Authorizing J. Thompson to lay out a cemetery.

Appropriation to H. L. Page.

Organizing town of Arlington, Columbia Co.

Authorizing towns along Green Bay and Minnesota R. R. to aid it

Repealing the law of '54 relative to Swamp lands

Locating La Crosse County seat.

Appropriating $41 to E. Stangeland.

The bill for joint Committees of Investigation was again discussed without a conclusion.

DEMAND FOR REPARATION.—A dispatch from Washington says

The friends of the Administration here assert that the President has ordered that extreme measures be taken, if necessary, to exact instant reparation from Spain for the last outrage to the *El Dorado*

SOUTHERN WISCONSIN R. R.—The Monroe *Sentinel* is assured that no proper effort will be spared to put the work on this Road under contract from Janesville to Monroe, within a short time.

Lunatic Asylum Commissioners resigned—Great Sensation in the Senate.

Messrs. Vittum and Sanborn resigned yesterday. This step is supposed to have been taken like all their official acts, with the advice and consent of the Governor, as he transmitted their resignation to the Senate. Immediately after the reading, while ordinary minds were posed and hesitant Mr. Loy, whose faculties seemed to expand to an extent corresponding to the greatness of the occasion, arose in his seat, and with becoming gravity moved that "in consequence of the mournful intelligence just received, the senate do now adjourn." The motion prevailed. No crape ordered yet.—[Madison Journal.

JUDICIAL AND JUDICIOUS NOMINATION.—We understand that B. Lake Superior, in Numbers—No. 1.

BY G. W. F.

Messrs. Editors:

An article in the *Free Democrat* of the 20th inst., has suggested a series of thoughts upon the same subjects, that with your permission I will offer to the readers of the *Sentinel*. These tho'ts have in the first number especial reference to the fallacious theories and erroneous ideas, which in some unaccountable manner have obtained extensive circulation in Southern Wisconsin.

The scanty information which has found its way into this portion of the State, relative to that vast region of our territory, and which at rare intervals has furnished matter for brief editorials, has thus far proved to be of a nature so unreliable, that in justice to the Lake country, one is compelled to assume defensive armor. But little more than a twelve month since the *Free Democrat* contained a paragraph to this effect:

"The Iron Works at Lake Superior were burned, &c."

At Lake Superior was surely not very definite of a Lake that claims a thousand miles of coast. As well say, "the Czar died *at* Europe." Again, a short time prior to the appearance of that paragraph, some brilliant contributor to Harper's Magazine, in an article on Lake Superior, alluding to the climate, gravely assures us that "it is by no means uncommon, for the native, in midsummer, to be engaged in beating off moschitoes, while standing waist deep in the snow, which has not yet melted."

Such profound knowledge of the extent and climate of the Lake Superior region, should elicit our highest admiration. The author of the last particularly deserves a recommendation to the society of D. H. C.'s, who were so lavish of testimonials of merit, to the Wisconsin Bard a few years since. He would surely obtain a diploma. Such "bulls" are by no means uncommon in the newspapers of the day, but they seldom go so far as Harper's Magazine has done. But we turn from these and will take a cursory glance at the comparative backwardness of the Michigan and Wisconsin press in relation to a country in which each State is equally interested.

For ten years previous to 1851 the public press in Detroit, have taken frequent occasion to enlighten their readers upon the character and condition of that vast portion of our territory which is drained by the waters of the "Great Lake," so far as they were able to do so, from the heterogeneous reports of the casual wanderer, or the incongruous letters of the early settler, ambitious of seeing his name in print, and who felt in duty bound to deal largely in the prodigious; but not until within the past four years, have those efforts been conducted in that candid spirit of inquiry, which actuates the endeavor to search out the truth, and separate that truth from that mass of traditional marvels which so naturally (in America) gather around the earlier accounts of but partially explored regions. Since the year 1851 however, a systematic effort has been made by the Detroit press, through the medium of travelling reporters, the contributions of competent residents, and occasional editorial excursions, to disperse the mists of romance and fiction, which have hitherto enveloped the Upper Peninsula of Michigan.

These laudable attempts have met their reward, in the interest which the people of Lower Peninsula manifest toward everything that pertains to the developement of the resources of the Northern half of their State, in the readiness with which the capitalists of Detroit and other cities invest their means in the Lake Superior district, certain of rich returns, and a system of judicious legislation; with reference to that of the State, which is calculated to give it a healthy infancy and a vigorous maturity.

Minnesota, too, although not yet arrived at the proper age for entering the society of her sisters, the States, has early turned her attention to the importance of fostering and developing that portion of her fair territory, which lies contiguous to Lake Superior, and at length (in September last) succeeded in inducing Uncle Sam to cancel, by treaty and purchase, the title of the Chippewa Indians to that part of Minnesota lying between the St Louis and Pigeon Rivers on the Lake Shore, and extending west to the Mississippi, thereby opening to the settler a vast tract of rich country, which hitherto the whites have been forbidden even to explore. Not content with this merely, the people of that territory, through their delegate, H. M. Rice, have obtained a large appropriation of the public funds, for the extension of an excellent road from Point Douglass on the Mississippi, to the mouth of the St. Louis on Lake Superior. And both these movements were first suggested by the press of that Territory.

Let us see what Wisconsin has been doing during this time, to develope the resources of the North-Western portion of her territory, and encourage migration thitherward; or even to ameliorate the condition of the settler, who, attracted by the beauty of the country, or allured by accounts of its wealth, or seeking that greater blessing health, has been hardy enough to pitch his tent, or rear his humble cabin of logs, in that solitary and remote region. Nothing, absolutely nothing. She is even ignorant of the *extent* of her territory in that direction. Not one in fifty of her citizens is aware, that *one hundred and twenty miles* of the coast of that great inland ocean, are measured in the boundary of the State of Wisconsin. Few indeed are those who know that the *best harbors*, the *best fisheries* and equally good *minerals* and *farming lands* with any on Lake Superior, are found within the borders of this State. Very seldom do we meet one who can descant upon the picturesque situation of La Pointe, with its semi-circular harbor, and its grand yet lovely scenery, itself the gem of a group of islands which might shame the Grecian Archipelago; or who has mentioned the indescribable beauty of the Bay of Superior at the mouth of the St. Louis River? Who, in the Southern portion of the State, is aware, that within the past sixteen months, there has sprung into existence at the head of Lake Superior a town, already numbering nearly or quite six hundred inhabitants, and which bids fair to outstrip many, whose birth and progress have been duly chronicled by admiring beholders? Very few indeed in this State know this, and yet such is the fact. And why is this knowledge not more generally diffused? Because the press—that lever by which worlds are moved—does not choose to notice the progress of those small towns in the more distant parts of the State, which eventually will more or less affect the prosperity of the larger and more populous cities in the Southern and Eastern portion. And even now I will hazard the assertion, that the interests of the country adjacent to the head of Lake Superior are more a subject of anxiety to the sagacious citizens of Chicago, and to the clear-sighted capitalists of Wall Street, than they are to any citizen of Wisconsin, south of St. Croix county.

I had intended in this number to describe the appearance, resources and improvements of that part of Lake Superior lying within this State; but as I have exceeded the proper limits, I shall defer it to another number.

Blundering.

The critic, Milwaukie, in this morning's Milwaukee *Sentinel*, enlightens the people "here in the West" who erroneously use the terms *rents*, in the sense both of *letting* and *hiring*.

As some little excuse for the people "here in the West," I wish to state that they have been misled by an old fellow by the name of Webster, who pretended to know something about the meaning of words, and even went so far as to publish a book upon the subject.

Will Milwaukie be kind enough to examine this old chap's book, and blow him up, and oblige a BLUNDERER.

The San Francisco Failures.

SAN FRANCISCO, Feb. 25, 1855.

Messrs. Editors:—Supposing that you have no regular correspondent here, I have taken the trouble to send you some late papers by express. As you will perceive by them we have had exciting times for the last week. Many of our heaviest bankers have gone by the board, the particulars of which you will get from the papers. To-day (Sunday) the creditors of Page, Bacon & Co. held a meeting at 2 o'clock P. M., when their friends pledged real estate sufficient to cover all their indebtedness, and it is supposed they will resume in a day or two. Wells, Fargo & Co., it is supposed, will be able to resume shortly. It is thought that Adams & Co. are used up. Robinson & Co.'s Savings Bank will not resume.—Doct. Wright's Miners' Exchange Bank cannot revive

Many failures are reported among our heaviest merchants, but they are merely rumors—no failures of any importance have yet taken place.

The only banking house here of any importance that did not feel the effects of the panic was Palmer, Cook & Co., that House having so much real estate unencumbered in this city, prevented any alarm on their account, and they continued during the whole excitement as though nothing had happened. W.

WHO IS MRS. ROBINSON?—The Troy *Times* and *Budget* state that facts have lately come to light, proving beyond a doubt, that Mrs. *Robinson*, the condemned murderess in jail in that city, is no other than Miss. Charlott Wood, of Montreal.—The *Whig* doubts.

HEAVY PORK.—The Watertown *Democrat* says that Mr. H. C. CRANDALL, of Emmett, Dodge County, sold in that city on Friday last a hog, of the Leicestershire and Byfield stock, two years old last June, which weighed, when dressed, 746 pounds. The price paid for this small rooster was $40.

The Reciprocity Treaty.

PROCLAMATION OF THE PRESIDENT.

Whereas, by an act of Congress of the United States, approved the fifth day of August one thousand eight hundred and fifty-four, entitled "An act to carry into effect a treaty between the United States and Great Britain, signed on the fifth day of June, eighteen hundred and fifty-four," it is provided that, whenever the *President* of the United States shall receive satisfactory evidence that the Imperial Parliament of Canada, New Brunswick Nova, Scotia, and Prince Edwards island have passed laws on their part to give full effect to the provisions of said treaty, he is authorized to issue his proclamation declaring that he has such evidence.

And whereas satisfactory information has been received by me that the Imperial Parliament of Great Britain and the Provincial Parliaments of Canada, New Brunswick, Nova Scotia, and Prince Edward's island have passed laws on their part to give full effect to the provisions of the treaty aforesaid:

Now, therefore, I, Fanklin Pierce, President of the United States of *America*, do hereby declare and proclaim that, from this date, the following articles, being the growth and produce of the said provinces of Canada, New Brunswick, Nova Scotia and Prince Edward's Island—to-wit, grain, flour, and breadstuffs of all kinds, animals of all kinds; fresh, smoked, and salted meats; cotton-wool; seeds and vegetables, undried fruits, dried fruits; fish of all kinds, products of fish and all other creatures living in the water; poultry, eggs, hides, fur, skins, or tails undressed, stone or marble in its crude or unwrought state, slate, butter cheese, tallow, lards, horns, manures, ores of metals of all kinds, coal, pitch, tar, turpentine, ashes timber and lumber of all kinds, round, hewed, and sawed, unmanufactured in whole or in part, firewood, plants, shrubs, and trees, pelts, wool, fish oil, rice, broom corn, and bark, gypsum, ground or unground, hewn or wrought or unwrought burr or grindstones, dye-stuffs, flax, hemp, and tow, unmanufactured, unmanufactured tobacco, rags—shall be introduced into the United States free of duty so long as the said treaty shall remain in force, subject, however, to be suspended in relation to the trade with Canada, on the condition mentioned in the fourth article of the said treaty and that all the other provisions of the said treaty shall go into effect and be observed on the part of the United States.

Given under my hand, at the city of Washington the sixteenth day of March, in the
[L. S.] year of Lord one thousand eight hundred and fifty-five, and of the independence of the United States the seventy ninth.
FRANKLIN PIERCE.

W. L. MARCY, Secretary of State.

Coroner's Inquest on Pool's Murder—The Verdict.

The Jury came into Court about 5½ oclock after an absence of three hours, and rendered the following verdict:—

We find that the death of Wm. Poole was caused by a gunshot wound from a pistol in the hands of Lewis Baker, at Stanwix Hall, in Broadway, on the morning of the 25th of February 1855.

We find that James Turner and Patrick McLaughlin, alias Paugene, were guilty of aiding and abetting in the murder of William Poole.

We find John Hyler, Cornelius Linn and Charles Van Pelt guilty as accessories before the fact.

We likewise find John Morrissey guilty of an assault with intent to take the life of Wm. Poole, and that he was accessory to the murder of said Wm. Poole by association on the evening preceding the murder.

We likewise find James Irving accessory before the fact.

The Coroner briefly thanked the Jury for their patience and attention, and discharged them.—Commitments were made out against the parties found guilty by the Jury, and all, except Baker, were locked up on the same evening.

The Grapeshot, clipper, sailed yesterday from New York, in pursuit of the Isabella Jewett.—[N. Y. Express, March 19.

DEATH OF A PIONEER CLERGYMAN.—We were deeply pained to hear yesterday of the death of Rev. Stephen Peet of this city. Mr. Peet was one of the earliest clergymen in the State of Wisconsin, and his labors in the establishment of churches in that State were indefatigable and were greatly blessed by his divine Master. For the last year or two he has resided in this city, and was the agent of the Theological Seminary about to be built by the Congregationalists. He was an earnest, energetic man, always abundant in his labors to do good. His name will be associated with the ecclesiastical history of the churches of Wisconsin for all time to come. "The memory of the just is blessed."—Chicago Dem. Press Thursday, March 22.

FIRE.—On Monday afternoon last our citizens were startled by the cry of fire, which proceeded from the residence of Prof Emerson, on the bluff east of the College. It broke out about 4 oclock, and at 5 it was completely consumed. The fire is supposed to have caught from the chimney, near the roof, owing to which circumstance nearly all the furniture was rescued from the flames. The house was insured for $1 000, and the furniture for $200, in the Beloit Mutual. It is currently reported that the insurance is good for nothing.—[Beloit Journal.

RACINE ROAD SUBSCRIPTIONS.—We are pleased to be able to state that the subscriptions to the capital stock of the Racine and Mississippi Railroad, received in Beloit and the adjoining towns during the past two weeks, now amount to *more than two hundred and fifty thousand dollars!* This together with the $100,000 stock subscribed by the town of Beloit, and the $40,000 previously taken by individuals, swells the amount subscribed in this immediate vicinity to nearly or quite *four hundred thousand dollars!* Who will say after this, that the United States of Beloit ain't "*some!*"—[Beloit Journal.

☞ We find the following in the Washington *Daily Star* of Saturday:—

A STARTLING RUMOR.—It was said in diplomatic circles of Washington, last night, that a private dispatch had reached this city, saying that Victoria was fast going the way of her ancestors—that is, becoming deranged, the symptoms having shown themselves in her recent illness.—We have not been able to trace this rumor to an authentic source.

ASYLUM FOR THE DECAYED.—According to the Statesman, Walter Harriman, State Treasurer of New Hampsire, who has been working like a Trojan on the Administration side in that State, is to have consolation in the shape of a neat office in one of the Departments at Washington.

Last Sunday the Rector of St. Paul's Church gave notice that on next Sunday (to morrow) a collection would be taken up for the benefit of the Sexton of the Church, who some weeks since had his thigh broken in two places and was thus prevented from supporting a large family. A MUSICAL HALL.—We understand that the Milwaukee Musical Society have purchased, conditionally, the handsome lot, 120 feet square, on the North East corner of Wisconsin and Milwaukee Streets, First Ward, for $15,000, with the intention of erecting there a large and elegant Hall, suitably arranged for Concerts, Lectures, Balls and Public Meetings. The site is an excellent one, and the proposed object must commend itself to all. We hope that the Society will succeed in their negotiation for the means to purchase this site and put up the Musical Hall.

REAL ESTATE SALES.—Mr. Wall sold yesterday the property known as "the Milwaukee Garden" in the First Ward, for $20,000. The property covers one entire block, and is to be laid out by the purchasers, in eligible building lots, which will be shortly offered for sale.

Wisconsin Bank Securities.

Comptroller DENNIS has furnished to the Watertown *Democrat* the following account of sales of the public stocks deposited with him to secure the circulating notes of the Oshkosh City and Germania Banks:

24,000 do do 6's, 98½,		23 660 00
15 000 Virginia, 6's, 95⅛,		14,268 75
10,000 Missouri, 6's, 93⅛,		9,312 50

To which add for January interest retained by the Bank Comptroller,		1,500 00
		$50,082 91
Whole amount of circulation outstanding,		$49,690 00

From the avails of the sales ($50,082 91) are to be deducted the Comptroller's expenses, advertising, &c., and the tax of $375 due to the State. The Democrat says that immediately after the sale, Mr. S. S. HENNING, principal stockholder of the Bank, furnished the Comptroller with the means to pay all expenses of sale, and make up any deficiencies.

GERMANIA BANK.

$ 5,000 Tennessee, 6's, 94	$ 4,700 00
Interest from Nov. 1st, 1854,	149 77

Commission ¼ per cent. $25,000,	62 50
	$ 23,645 84
Whole amount of circulation,	$22,500 00

This leaves an excess of $1,145 84 over and above all outstanding notes. The necessary expenses of the sale, advertising, &c., (some three or four hundred dollars,) are to be deducted from this amount, and the remainder, say $800, will go to the assignees of the Bank, for the benefit of creditors. This favorable result is a feather in the cap of the Bank Comptroller, Mr. DENNIS, and a satisfactory illustration of the practical working of our General Banking Law.

ROCHESTER MARKETS, March 20th.—The *Union* quotes little wheat offered, and market firmer. Best samples bring $2 43¾. Flour sells at $11 00a11 50 for wholesale and retail parcels extra Genesee. Corn was a shade higher 87½c.

DR. C. P. FITCH, Dentist,

(LATE OF NEW YORK CITY,)

HAS THE PLEASURE OF ANNOUNCING TO THE Citizens of Milwaukee, that he has opened Rooms in the

Law Buildings, Wisconsin Street,
FOR DENTAL OPERATIONS.

Dr. F. introduces to this community the New Method of constructing Artificial Dentures on Platinum, called

DR. J. ALLEN'S
Continuous Gum Work,

combining cleanliness, great beauty, with life-like expression, strength, utility, and restoration of the form and contour of the face. Specimens may be seen at his Room any time during office hours.

After twelve years experience in dental practice, Dr. F. takes great pleasure in warranting all operations in the mouth, such as Gold Stoppings, Gold Plates, Teeth on Pivots, Teeth regulated, cleansed and extracted, &c.

Strict attention will be paid to all diseases arising from, or in any way connected with decayed teeth. Also, counsel given in reference to the management of children's teeth. Advice and counsel given without charge.

THE WINTER IS NEARLY OVER! The music of the sleigh-bells is sadly mixed with the harsh grating of iron-shod runners, as they drag heavily over the worn-out snow-track. Spring, with its genial sun and balmy air, is coming on apace. Glad smiles are struggling to the stern countenance of Nature.

And under their joyous influence,

THE PROPRIETORS OF THE FAR-FAMED
NEW YORK CHEAP CASH STORE,

WILL SELL
DRY GOODS

The ensuing Three Weeks CHEAPER than they have ever been sold before, as the Store will POSITIVELY BE CLOSED on or before the 1st of March, and we are desirous of disposing of our ENTIRE STOCK, previous to removing to our

NEW STORE,
No. 181 East Water Street,

We therefore offer the balance of our remaining stock on hand, at

25 per cent. Less than Cost,

And even at LESS to insure a rapid sale within the time specified.

We have no "brothers who are always in the Eastern Markets," buying and selling ready made clothing, but we buy our goods direct from Manufacturers, Importers or Jobbers, without paying a second profit; and being entirely independent in our own means and resources, our Establishment being designed for the public benefit, it has under our management attained that favoritism and popularity which is unknown to any other public enterprise establishment. And we assure our customers that we are entirely willing to give them the full benefit of our selling at even 25 per cent less than cost, in order to remove to our New Store, built expressly by us for the accommodation of our increasing trade; and with the unfailing resources of our concern, and our strict attention to business, we are enabled to sell goods

At Least 30 per Cent Less

than the prices asked at other Stores.

THIS ESTABLISHMENT KNOWS NO OPPOSITION, ADMITS NO RIVAL but can, will and does outsell and undersell any establishment, Wholesale or Retail, West of New York!

This is strong language, but it is a happy fact that we can support it with an abundance of proof, which if you avail yourself of this opportunity, we shall be most happy to demonstrate to you.

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c , from one to five years, at lower rates than most other responsible Companies

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equal footing

Experience has shown that two thirds if not three fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property In this Company all such property is rejected POSITIVELY BY LETTING THEM A ONE

Farmers, look to your own interest, and insure in a Farmers' Company

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of Insurance

A STRANGE THING.

Falsehood in these days is not strange Imposition and fraud are not strange But honesty and truth, especially in speculative business are wonderful. For this reason, DR. A L ADAMS' LIVER BALSAM is fixing the gaze of thousands upon its sure, unvarying and surprising effects in the removal of disease It promises and fulfills It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained generated sease This compound is considered by those who have used it the greatest medical discovery known Its praise is declared from the North the South, and from the East to the West It is true! It is true!

See Dr A L Adams' advertisement in this paper.
feb13-4m

☞ WE HAVE HEARD OF IT EVERY WHERE —The reputation of Dr A L Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words.

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are —from its first introduction those individuals who have used it become living advertisements for it If this should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr A L Adams Liver Balsam, take it and live. See testimonials in this paper

Mexican Mustang Liniment.

The new discoveries and new affinities that medical chemistry is constantly adding to medical science and the healing art, show conclusively how greatly superior the new combinations in the Mustang Liniment are to old preparations, that Liniment being the result of great labor in chemical analysis, is the reason of the great superiority of the new preparation to old mixtures, and the immense sale of it proves how much it is valued by those who have used it, and know its virtues in the cure of bruises, strains, stiff joints, chapped hands, broken breast swellings or pains, in any part of the body

NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY, LONDON.

CAPITAL, - - - $2,500,000.

Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have Human existence must on consideration, enjoy a much higher estimate than worldly property

While the representative of a family lives, (although through neglect to insure his *property*, he becomes bankrupt,) he supports his family , but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*

The farmer who has still a mortgage on his farm *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two thirds if not three fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY BY LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

Kentucky Trust Co.

CINCINNATI March 22

Judge Prior, of Kentucky, decided at Covington, to-day, that the makers of the notes given for stock in the Kentucky Trust Company Bank, were not liable for the payment of these notes unless it can be shown that they contrived to defraud the public. This decision reduces the assets of the bank nearly $700,000.

A STRANGE THING.

Falsehood in these days is not strange. Imposition and fraud are not strange. But honesty and truth, especially in speculative business are wonderful. For this reason, DR. A. L. ADAMS' LIVER BALSAM is fixing the gaze of thousands upon its sure, unvarying and surprising effects in the removal of disease. It promises and fulfills. It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained generate disease. This compound is considered by those who have used it the greatest medical discovery known. Its praise is declared from the North the South, and from the East to the West. It is true! It is true!

See Dr. A. L. Adams' advertisement in this paper.
feb13-4m

WE HAVE HEARD OF IT EVERY WHERE.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are—from its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the readers who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

Mexican Mustang Liniment.

The new discoveries and new affinities that medical chemistry is constantly adding to medical science and the healing art, show conclusively how greatly superior the new combinations in the Mustang Liniment are to old preparations, that Liniment being the result of great labor in chemical analysis, is the reason of the great superiority of the new preparation to old mixtures, and the immense sale of it proves how much it is valued by those who have used it, and know its virtues in the cure of bruises, strains, stiff joints, chapped hands, broken breast swellings or pains, in any part of the body.

See advertisement in another column.

Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although through neglect to insure his *property*, he becomes bankrupt,) he supports his family, but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits every varying and uncertain in their issues, *should insure*.

The farmer who has still a mortgage on his farm *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

Cash Music and Piano Store

OF
HORACE WATERS,
No. 333 Broadway, New York.
OPPOSITION TO MONOPOLY.
Music at Greatly Reduced Rates.

NOTWITHSTANDING the combination of music dealers to keep up the prices of non-copyright music, *against* the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid native Talent, and to adopt the National Currency. His stock of American and European Music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons and Musical Instruments of all kinds. Superior toned 6½ octave Pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1,000, comprising those of ten different manufactories, among them the celebrated modern improved Horace Waters' Pianos, and the first premium Æolian Pianos of T. Gilbert & Co.'s make, (owner of the Æolian patent.) Second hand Pianos at great bargains, from $40 to $150. Melodeons from five different factories, including the well known S. D. & H. W. Smith's melodeons, (tuned the equal temperament) the best make in the United States. Prices $45, $60, $75, $100, $115, $125 and $150. Smith's Double Bank Melodeons, $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c. 12½ per cent discount to clergymen and churches. All orders promptly attended to. Music sent to all parts of the country, post paid, at the reduced rates. General and select catalogues and schedule of prices of Pianos forwarded to any address, free of charge. [illegible] 3mV&S

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST FORtable inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a travelling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in one lesson. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed Instructions, for all to use, and will last sufficiently long to obtain Five Hundred distinct Impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

Price—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

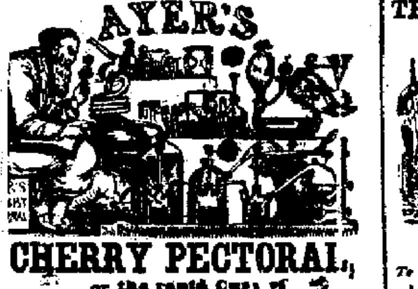
PATENT MEDICINES.

AYER'S



CHERRY PECTORAL,

for the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S. C., Aug. 2, '53.

DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect

J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

CHAS. STREATER, M. D.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

To the Citizens of the United States:—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

38, Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of the Bowels
Consumption
Debility
Dropsy
Dysentery
Erysipelas
Female Irregularities
Fevers of all kinds
Fits
Gout
Head-ache
Indigestion
Inflammation
Jaundice
Liver Complaints
Lumbago

MEDICATED INHALATION
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by DR. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. DR. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cure of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 28th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. [illegible]

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh,* and *Hotel des Invalides of Paris,* having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of *study and successful experiments* in England and Scotland, as well as other parts of Europe, with *Consumption in all its forms,* enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise; but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk!"

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "*Patent Inhaling Tubes,*" through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use; and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, *Bronchitis, Asthma,* and all other *affections of the Throat, Lungs,* and Air Passages. In case of failure, the money will be returned.

Address (post paid) DR. E. N. TRIST, 49 Grand-st. New York City. dec21-dtmar1'55

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM. The great Panacea of Disease is offered to the [illegible] of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease; also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORTABLE inkstand in the known world, for a small quantity folded and placed in the pocket constitutes a traveling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and indeed, a more tasteful present for a lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any child can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for all to use, and will last sufficiently long to obtain Five Hundred distinct impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

PRICE—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

PATENT MEDICINES.

AYER'S

CHERRY PECTORAL,

or the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S. C., Aug. 1853.

DR. J. C. AYER: Dear Sir—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect

J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852.

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,

It is used by Mechanics and Laboring men,

It is used in families and factories,

It is used expressly by all Express Companies,

It is used by Farmers and Livery stable keepers,

It is used by everybody, and all speak in its praise,

Where it is used, pain cannot exist,

The benumbed limbs are made elastic,

The deep ulcers and frightful sores are healed,

The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper

Who pretends to keep medicine at all,

But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,

The medium sized retail for 50 cents per bottle,

The large sized retail for one dollar per bottle,

The medium hold three times as much as the small.

The large holds nearly three times as much as the medium.

Therefore the largest bottles are the cheapest

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1851.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1851.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the *Lung Institution of Edinburgh*, and *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that *several years of study and successful experiments* in England and Scotland, as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise; but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk!"

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his *"Patent Inhaling Tubes,"* through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use; and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of *Consumption, Bronchitis, Asthma,* and all other *affections of the Throat, Lungs, and Air Passages.* In case of failure, the money will be returned.
